The new class in dogbedding

easy maintenance extremely resistant really high comfort ideal into car

EXTREME DURABILITY

Thanks to the high quality materials, DOOOP dog beds are extremely durable against wear and tear. The durability of the outer layer is increased by using a special material with RIPSTOP technology. Long durability is guaranteed.

WATERPROOF MATERIAL - Easy care

Exceptionally high quality cover with reinforced inner layer is waterproof. Thanks to this, water doesn't leak inside the mattress and is fast-drying. Even with frequent contact with water, the beds don't get damaged. Another advantage is the ease of care; the bed does not need to be washed after every "accident", wiping it off is enough. This will be appreciated greatly by dog breeders. For a deep clean, DOOOP mattresses are equipped with a zipper and allow the inner filling to be removed and the outer cover can then be soaked.

VERY COMFORTABLE

Special filling has an optimal consistency to provide great comfort and high thermo isolation, which allows for outdoor use even during winter months. Thanks to the filling material, the mattress is ideally weighted to prevent any deliberate transfer.

NON-SLIP BOTTOM PART

The bottom part of the mattress is equipped with an anti-slip coating, reduce sliding on the floor most home or car. Material at the bottom of the course is as durable as upper part.

PARASITE-PROOF MATERIAL

Leak proof material stops parasites from penetrating into the mattress, as well as their infestation. Easy hygienic care and waterproof material prevents parasites from entering into the mattress and also from staying on its surface. Thanks to these characteristics, allergens are decreased to a minimum.

MULTIPLE USES

DOOOP dog beds are designed for outdoor use, in kennels and crates. Thanks to its great design, they are also suitable for use in living rooms. New on the market are mattresses designed for use in cars.
